ROADS:

Paved roads are 70/30. 70% of cost to the township. Luttenton Road is being studied for a spot pave and chip seal from Hanover Road to, most likely, Sears Road. Gravel roads are always an issue. We hope to pick another gravel road this year. Grover Road is hopefully going to be finished up in 2024.

Pulaski Road is a Class A County Road and its maintenance and repair is solely the responsibility of the county road commission. Many complaints from Pulaski board members have been registered with the county road commission regarding Pulaski Road.

Supervisor Chuck Todd and Trustee Terry Meade will be attending the monthly county commissioners meeting on 8/20/2024.
